

## IFS Apps® Supply Chain

**DURATION**

3 to 10 days  
Days of 7h

**Intra-company price**

Average Daily Rate -  
From 1050 € excl. taxes

**Group size**

1 to 5 persons

The ERP IFS Apps® has several functional « bricks/modules » covering all the business requirements of a company. This feature-rich ERP can be configured to best adapt to each activity area and its context.

## 1 PUBLIC

This training is intended for companies in all activity areas who wish to increase the skills of their employees on the use of the IFS Apps® solution and thus promote their adaptation to their workplace.

This training is also part of the deployment of the IFS apps® solution to Process Pilots, Key-Users and end-users.

## 2 PREREQUISITES

The public concerned must, as part of their professional activity, be involved in the various Supply Chain professions: Purchasing/Supply; Sales; Inventory & Logistics.

## 3 TRAINING OBJECTIVES

At the end of the training:

- You will have acquired the operating principles of IFS Apps© on the functions of Supply Chain.
- You will master the main structuring parameters of the application and their impact on your business flows.
- You will be able to roll out your end-to-end business flow and produce your operating procedures (operating methods).
- You will be able to use the application in your daily life.
